

Student Care Centre
@ Zhenghua
(ZHSCC)

Introduction

YMCA of Singapore is a volunteer-based organisation that seeks to serve and impact all members of the community, regardless of race, language or religion, through programmes, services and enterprises to develop the body, mind and spirit.

Student Care Centre **Goals**

We aim to **support the growth of children** through their sense of self-esteem, independence, uniqueness and competence.

We provide a positive environment and implement programmes that **enhance warm interactions** and **stimulate children's holistic development**.

We also emphasise on character development where children learn to understand, appreciate, respect and love the people around them and encourage the practice of being honest and responsible.
